9 MAY 1974

MEMORANDUM FOR: DCI

SUBJECT: Army SIGINT Direct Support Briefing

1. In the Joint Strategic Objectives Plan for FY 76-83, the JCS recommended a substantial increase in SIGINT and ECM direct support capabilities for the Army.

2. In light of this I asked MGEN Aaron, ACS(I), to brief me on the Army's planning for SIGINT and electronic warfare direct support to the field army, including thoughts on how Army direct intelligence support might be improved.

3. The briefing has been laid on for Friday, May 31st, at 1000 hours in the IC Staff "tank", room 6 E Q708, and the formal presentation will take approximately 45 minutes. A question period will follow. If your schedule permits, I suggest you might find this a worthwhile session.
